

## Group Exhibition “CLÍO” (english versión)

Galería La Sindicalista

Acquisition Prize – Galería La Sindicalista

**Exhibition dates:** June 11 to August 23, 2026

Galería La Sindicalista, based in Cáceres, is pleased to invite artists from all over the world to participate in “CLÍO”, a group exhibition dedicated to the Greek muse of History and memory. This exhibition constitutes the second chapter of our annual series devoted to celebrating the muses through contemporary art.

In this edition, **15 original works** inspired by Clio and her vast symbolic territory will be selected: personal history, collective history, invented chronicles, memory, remembrance, as well as political, social, or historical critique. The open call invites artists to explore not only the past, but also the ways in which we narrate it, interpret it, and transform it.

All selected works will be available for sale, and **one of them will be acquired** to become part of the gallery’s permanent collection. This work will join those awarded in the **1st Open Call held in 2025**, with the intention of organizing one call each year until completing the cycle of the **nine muses**.
